

2026 -2027 U.S. FEI Dressage & Para Dressage Calendar

Policies and Procedures

Overview

The aim of these policies and procedures is to produce the most effective U.S. sporting calendar. It is important to note at the outset, that these policies and procedures do not replace the United States Equestrian Federation (USEF or Federation) Licensing and/or Mileage Rules.

USEF may submit dates on the Federation Equestre Internationale (FEI) calendar for events that are conditionally approved in advance of an Organizer receiving their one (1) year Federation license. However, an event/competition is not USEF approved unless and until a Federation license has been issued. Organizers must be very clear that an event appearing on the FEI Calendar does not equate to approval of the Federation license for this event. Ultimate approval lies with USEF and is demonstrated by a properly executed competition license agreement.

The below process may be amended in exceptional circumstances as determined in the USEF CEO's, or their designee, discretion.

Applications, Review, Approval, and Fees

USEF Application Deadline Applications for events to be submitted to the FEI by October 1, 2025 for the September 1 2026 – August 31, 2027 must be submitted to USEF by no later than July 1, 2025. Any application after the below deadlines has no guarantee of being submitted prior to the FEI submission deadline.

USEF Review Procedure

July 1: Applications must be received by USEF.

The following timeline is approximate:

July 2 – July 15: USEF Staff and representatives of the USEF Dressage Calendar Working Group will review the proposed dates and identify areas of concern and/or opportunity in the calendars. These areas of concern and/or opportunities will be communicated to the impacted OCs by USEF staff, with the intent of working with OCs to resolve the areas of concern and/or opportunity prior to further review of the calendar. Criteria to be outlined in Annex A will be consulted to alleviate potential areas of concern in the proposed calendar.

July 16 – July 30: Open Review: Proposed calendars are circulated to all OCs that submitted an FEI Calendar application. OCs may request modifications, cancellations, or comments on potential areas of concern during the Open Review. All requests and/or comments must be submitted to Kristen Brett (kbrett@usef.org) no later than July 30, 2025, at 5:00pm ET.

Beginning of August: USEF Dressage Sport Committee (for CDIs applications) and USEF Para Dressage Sport Committee (for CPEDI applications) reviews calendars. If potential areas of concern are noted by either or both Committee(s), USEF Staff and the Calendar Working Group will work with OCs to resolve areas of concern and re-submit the calendar to the relevant USEF Sport Committee prior to sending the calendars to the USEF Board of Directors or Executive Committee.

By September 2025: The USEF Board of Directors or Executive Committee approves calendars prior to the FEI submission deadline.

Application/Calendar Fees (These are FEI Calendar fees and subject to FEI fees published annually by the FEI)

- ❖ FEI Calendar Fee for Lower Level Events (CDI2*/CPEDI2* and below): \$360
- ❖ FEI Calendar Fee for Upper Level Events (CDI3*/CPEDI3* and above): \$600

The FEI Calendar Fee will be collected by USEF with this application. Please be advised that the OC's event cannot hold a place on the FEI Calendar until the FEI Calendar Fee is paid in full. Non-payment of the FEI Calendar Fee within 30 days will result in the removal of the application. If the application is not recommended for approval by USEF, the OC will be refunded the FEI Calendar Fee.

FEI Calendar Procedure: The dates for FEI events will also be subject to FEI Rules. See FEI General Regulations Article 112.

Other: FEI events are automatically added to the USEF/NAYC Qualifying Competitions Calendar if approved as a CDI and/or CPEDI. Please see the USEF Competition Manual for which USEF/NAYC Qualifying classes can be held alongside the CDI classes. If an FEI event is downgraded or cancelled, an Organizer may submit a request to USEF in order to retain USEF/NAYC Qualifying Competition status. These requests must be submitted immediately to the USEF Dressage Department.

Late Applications & Modifications

USEF Late Applications and Modifications Deadlines It is understood that at times there are circumstances where an OC is not able to meet the applicable USEF application deadlines or must modify their event. Modification Requests are changes to the organizer, date changes in comparable week, location, or addition of a higher level (3* and above) (see below for Downgrading) of an application submitted on time and made after the regular Open Review period. In these instances, the following deadlines have been established. Please be aware that all changes must be submitted through the USEF Competition Dashboard.

- ❖ CDI5*/4*/3* and CPEDI3* event late applications and modifications will only be considered if received by USEF a minimum of 22 weeks prior to the start of the event.
- ❖ CDI2* and CPEDI 2* and below event late applications and modifications will only be considered if received by USEF a minimum of 18 weeks prior to the start of the event.
- ❖ CPEDI event late applications and modification will only be considered if received by USEF a minimum of 12 weeks prior to the start of the event.
- ❖ Late Applications or modifications received after August 1st have no guarantee of being submitted to the FEI for the applicable October 1st deadline due to the review procedure.
- ❖ In circumstances where the FEI North American League maximum number of events is not met (i.e. if CDI-W events are cancelled or there is a lack of applications) late applications will be accepted given they follow the appropriate late application deadlines for CDI5*/4*/3* competitions outlined above. Events held on the same date as a cancelled event may be accepted later than the above deadlines but must meet the relevant FEI Calendar and Scheduling requirements.

USEF Review Procedure

- ❖ USEF will notify the OCs that have an event on the date of the late application or modification, including those that may be one week prior to, or one week following within the same region or adjacent region. The OCs concerned will have 7 days to provide detailed comments regarding the proposed late application/modification to the calendar. Any comments must be sent directly to Kristen Brett (kbrett@usef.org).
- ❖ USEF Staff and Dressage Calendar Working Group will review the OC comments received. The Working Group will utilize the criteria outlined in Annex A and make a recommendation to the relevant USEF Sport Committee.

- ❖ The relevant USEF Sport Committee reviews the recommendation of the Working Group and will make a recommendation to the USEF CEO.
- ❖ USEF may submit the late application/modification request to the FEI prior to the USEF CEO approval if the USEF Dressage Sport Committee is in unanimous agreement. USEF reserves the right to hold the submission to the FEI until approved by the USEF CEO.

FEI Calendar Procedure: Late applications or modifications will also be subject to FEI Rules. See FEI General Regulations Article 112.

Fees for Late Applications, Modifications & Cancellations

Late Applications are applications received after the July 1, 2025 deadline listed above and will be charged as follows:

- a. CDI3*/CDI4*/CDI5* events: \$100 flat fee for applications received past deadline and are more than one year out from the competition date. \$150 flat fee for applications received past the deadline and are between one year and six months from the competition date. \$400 flat fee from applications received past the deadline and are less than 6 months from the competition date. No late application will be accepted if the competition date is less than 22 weeks from date of submission.
- b. CDI2*/CDI1* events: \$50 flat fee for applications received past deadline and are more than one year out from the competition date. \$75 flat fee for applications received past the deadline and are between one year and six months from the competition date. \$250 flat fee from applications received past the deadline and are less than 6 months from the competition date. No late application will be accepted if the competition date is less than 18 weeks from date of submission.
- c. CDI-W event: no late CDI-W applications will be accepted. In cases of extreme extraordinary circumstances exceptions may be granted.
- d. CPEDI events: late application fees will not be applied to late CPEDI applications.

Modification Requests are changes to the organizer, date, or location (see below for Downgrading) of application submitted on time and made after the regular Open Review period. Modification requests will be charged a \$75 flat fee plus \$10 per month for each month past the applicable deadline of July 1, 2025. Addition of divisions (such as CDIU25/CDIY/CDIJ/CDICh/CDIP/CDIYH/CDIAm, CPEDIetc.) do not require a modification fee. Approved CDI3* or higher competition may add a CDI2* or CDI1* and do not require a modification fee.

Cancellation of any FEI event outside of the regular Open Review period must contact the USEF Dressage Department and provide specific reasoning which will be included in the file for future applications. USEF Staff will work with competition management to rectify any concerns which may prevent cancellation of the FEI Event. If concerns cannot be resolved after consultation with USEF, the cancellation fee may be waived. FEI events which cancel without consultation with the USEF Dressage Department will be charged \$100 per month past July 1, 2025.

Downgrading of a USEF BOD approved event will incur a modification fee.

If an event does not receive approval from the FEI, fails to receive a USEF License, or in other exceptional circumstances approved by the USEF CEO, a portion of the fee, or all of the fee, may be waived at the discretion of the USEF CEO or his designee.

Funding support for CPEDI events may be available but is not guaranteed until the annual budget is approved by the BOD, which does not occur until December 1, 2025. The potential funding may differ on a year-to-year basis, based on the number of applications and the final approved budget.
